End of year expectations for Year 5 2023-2024

This booklet provides information for parents and carers on the end of year expectations for the children in our school. The National Curriculum outlines these expectations as being the minimum requirements your child must meet in order to ensure continued success in school.

All the objectives will be worked on throughout the year and will be the focus of direct teaching. Any extra support you can provide in helping your children to achieve these is greatly valued, through their weekly Home Learning activities and daily Rainbow Reading.

If you have any queries regarding the content of this booklet or want support in knowing how best to help your child, please make an appointment to speak to your child's teacher.

Reading
